

A Report on an Industrial Visit to SUMUL DAIRY On 26th February 2009 (Thursday) by the Department of Information Technology, SCET.

An Industrial Visit was arranged by the **Information Technology Department of Sarvajanic College Of Engineering and Technology, Surat** to the leading manufacturer of Milk Products known as **SUMUL DAIRY LTD.,Surat on 26/02/2009(Thursday).**

An overwhelming response was received and almost around 100 students both from Pre-Final And Final Year of I.T branch had provided with their immense co-operation and had actively engaged themselves in the visit. Faculty team comprising of **Prof. Kunjal Joshi, Mrs. Nishi Shethna, Mr.Apurva Mandalaywala, Ms. Purvi Rekh, Ms. Rashmi Patel** were the part of the visit under whose guidance and untiring support the visit turned into a grand success. From student's fraternity **Mr. Kshitij Bhatia** took the leadership for the arrangement of the trip.

The visit was headed by a personnel **Mr. Rawal** from SUMUL DAIRY LTD. who explained all the processes starting from the collection of milk to the final product covering concepts of **Sterilization, Pasteurisation, Refrigeration**, etc. Various Large Machines leading from purification of milk to packaging till the dispatch of the products were highly attractive. **Manufacturing & Churning of Butter, Flavored Milk, Paneer** were the center of attraction. Covering the whole system lastly all the students visited the **Boiler section & Power generation** section. SUMUL comprises **state-of-the-art facilities** and the **robust infrastructure** with Automation techniques of **Distributed Control Panels and Programmable Logic Controllers**.

The whole visit was jommed up by a drink named **JOME-A Flavored Milk** by the SUMUL DAIRY in there premises. A Photo capture of all present there marked the end of a very successful visit to SUMUL DAIRY by the enthusiastic crowd of I.T.
